FROM THE VICE CHANCELLOR'S DESK

This dedicated website of the Examinations Department of the University yet another step to make our University system student-friendly. The Controller of Examinations and his team deserve to be complemented for initiating this exercise, which demonstrates our commitment to use Information Technology as an effective tool for e-governance.

Very often the students, teachers, college administrators and section of civil society are put in a disadvantageous situation because of the absence of adequate access to information concerning the University Examination system. We have also realized that the University's recent attempt to put together all relevant information concerning University examination in print format do not always serve the purpose because lack off effective communication between the College administration and the students. The Controller of Examinations, accordingly has rightly resolved to directly reach out to the students and another stake Holders with all relevant information concerning the examination System of the University. The present website is an outcome of this endeavor.

The website contains information about the Department of Controller of Examinations, details about examination regulations, Question formats, model questions, distribution of marks, schedule of examinations and proposed dates for the publication of results, fee structure and academic calendar. Besides, the UG, B. Ed. and Law Examination candidates will be able to know the center from where they will be able to appear for the examination. The students will also have the benefit of knowing the examination results from this website immediately after the meeting of concerned body bodies of the University.

I am confident that this website will be an effective step not only for the improvement of the University Administration, but also for improving the civil society - University Relationship. I should also take this opportunity to acknowledge the assistance received from National Information Center, West Bengal, for providing a hyper-link. We do hope to initiate other measures in co-operation with National Information Center to make the University administration more civil society friendly.

20. Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA)

A 10-point grading system shall be followed for the purpose of Grade Point Calculation, as shown below.

Percentage of Marks	Grades	Numerical Grade Points
≥ 90% to 100%	A++	9.0 – 10
≥ 80% but < 90%	A+	8.0 – 8.9
≥ 70% but < 80%	A	7.0 – 7.9
≥ 60% but < 70%	B+	6.0 – 6.9
≥ 50% but < 60%	B	5.0 – 5.9
≥ 40% but < 50%	C+	4.0 – 4.9
≥ 30% but < 40%	C	3.0 – 3.9
< 30%	F	0
Absent	Ab	0

- i) Numerical Grade Point shall not be calculated in respect of a failed paper.
- ii) The multiplicative factors shall be 0.10 for all Grades for the purpose of calculating numerical Grade Point.

Example :

If the student secures P%, where $P \geq 30$ his/her grade point will be $[3.0 + \{(P - 30) \times 0.1\}]$ or simply $30 \times 0.10 = 3$

If a student scores 52% in a particular paper, his/her grade point for the paper will be $(3.00 + 0.1 \times 22) = 5.20$ or simply, $52 \times 0.10 = 5.2$

20(a) Semester Grade Point Average (SGPA)

The Semester Grade Point Average (SGPA) will be the weighted average of the numerical grade points obtained in all the papers of the given semester, where Weights refer to the Credits assigned to the concerned papers. If the Numerical Grade Points obtained by a student in different papers of a Semester are denoted by P_i and the credit of the corresponding papers are denoted by C_i , the SGPA will be $[\Sigma(P_i \times C_i) / \Sigma C_i]$ where $i=1$ to n , and $n=$ no. of papers in the Semester. The SGPA shall be shown in the grade sheet up to the third decimal point.

20(b) Cumulative Grade Point Average (CGPA)

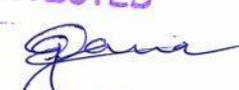

Cumulative Grade Point Average (CGPA) over six semesters shall be the weighted average of the six SGPAs.

$CGPA = [\sum(SGPA_j \times C_j) / \sum C_j]$ where $j = 1$ to 6 . CGPA shall be calculated and shown up to three decimal places. $SGPA_j$ is the SGPA of the j^{th} Semester ($j=1$ to 6) and C_j is the total credit of j^{th} semester used for Grade Point Calculation.

The grade of the candidate on the basis of CGPA will be as follows :

CGPA	Letter Grade	Remarks
9.000 - 10.000	A++	Outstanding
8.000 - 8.999	A+	Excellent
7.000 - 7.999	A	Very Good
6.000 - 6.999	B+	Good
5.000 - 5.999	B	Average
4.000 - 4.999	C+	Fair
3.000 - 3.999	C	Satisfactory
0.000 - 2.999	F	Fail

Both SGPA and CGPA will be rounded off to the third place of the decimal and will be shown as such on the grade sheet. The grade sheet issued at the end of each semester shall include the total marks obtained in each paper / module as well as the SGPA, the total marks obtained in that semester and the credit earned in the Semester concerned. The final marks sheet, on completion of six Semesters, shall include the SGPA of Six Semesters, CGPA, Letter Grade, the marks obtained, total marks and the total credits earned.

Minutes of the Teachers' Council meeting held on 1st August at 2 p.m. in Room No. 103

The meeting commenced at the appointed hour with the Principal taking the chair.

At the outset, the newly elected Secretary of the Council- Dr. Sanjib Roy welcomed all the members and appreciated the valuable services rendered by the outgoing Secretary of the Council – Smt. Sangita Dey Sarkar, Associate Professor in the Department of Philosophy.

Then the agenda were discussed serially and the following resolutions were adopted.

1. a) In course of review of the recently concluded University examinations conducted at the college, the members raised several issues which posed problems in conducting the said examinations smoothly and properly. The most important issue that was identified was the shortage of invigilators due to excessive number of candidates being allotted to this centre by the Calcutta University. In this context, the Principal informed the members that he had informed in writing the University authority that the college could at most accommodate 400 candidates for an University examination due to shortage of permanent teachers and other infrastructure as well. In spite of that, the University continued to allot more than 700 candidates and as a result, the college had to face extreme difficulty in conducting the examination. Moreover, teachers of the Faculty of Science complained of overburden as they had to conduct practical examinations simultaneously in their departmental laboratories over and above the invigilation duties in the examination halls.

After a threadbare discussion, it was resolved unanimously that the Principal requested to take necessary steps immediately towards incorporating the services of the Guest lecturers as far as allotment of invigilation duties during University examinations is concerned, as this would mitigate to some extent the twin problems of shortage of invigilators vis-a-vis the huge number of allotted candidates by the University, as well as that of overburden for the teachers of the Faculty of Science.

The members further resolved that supervisors for the subsequent examinations be selected in a later meeting.

2. Regarding installation of CCTV surveillance system in the college, the members wondered why it had not been installed yet when the Governing Body had sanctioned it way back in 2017. The members resolved unanimously that the Principal be requested to expedite the process so that the installation could be completed preferably within a month.

Resolutions Adopted in the Meeting Held on

12.09.2019 (Thursday) at 12:30 PM

Following resolutions have been adopted unanimously according to the agenda given in the notice of the meeting dated 09.09.2019

1. The minutes of the previous meeting have been confirmed.
2. All the departments have finished and published the results of the entry level assessment tests for Semester I students and the marks are to be submitted to the stream-wise academic conveners by 30.09.2019.
3. All the HODs will allot a group of 1st and 3rd semester students to every teacher of his/her department for mentoring. Each teacher mentor should meet his/her student mentees once a week and listen to and help to resolve their problems. All the interactions should be documented. Also, for the weaker students of 1st and 3rd semesters remedial classes are to be arranged in November. At least one class per teacher should be arranged.
4. Routine for 2nd year (1+1+1 syllabus) students ~~have~~ be arranged by the HODs.
5. For the students of 1st and 3rd semesters, attendance percentages ~~are to~~ be published by 15.09.2019., so that they would be aware of their attendance percentages and make up the deficiencies, if any.
6. Parent teacher meetings ~~have to~~ be arranged before the Puja vacation, so that the parents/guardians are aware of the progress of their wards.
7. Miscellaneous:

HOD of Botany department has mentioned that the internal assessment for Environmental Studies for all the 2nd semester students was done by her, resulting in a heavy load. Therefore, after detailed discussion, it has been decided that ^{all} the departments would take the responsibility of the internal assessment and project including uploading of marks for their own honours students. For the science general students, Dr. Dipannita Parial, HOD of Botany department, would take the responsibility of the internal assessment and project including uploading of marks, while for the arts general and commerce general students this will be done by Sri Subrata Roy of Film Studies department and the commerce department respectively. Questions of internal assessment will be framed by Dr. Dipannita Parial.

Sm. Swagata Saha Sau, HOD of Computer Science has written two letters to the academic council. The first letter suggested that one more laboratory room is required for her department. In response, the Principal said that he would take a decision after consultation with the Building Committee. In the second letter, the academic council has been informed that currently the Computer Science department has only one laboratory attendant for all the three honours and general courses, including 1+1+1 and CBCS syllabi; therefore one more laboratory attendant is needed urgently. The Academic Council has forwarded this request to the IQAC for necessary action, if any.

The meeting ended with vote of thanks.

Resolutions Adopted in the Online Meeting Held on 17.02.2021 (Wednesday) at 4:00 PM

According to the Proceedings of the meeting of the UG Board of Studies Chairpersons of Calcutta University held on February 15, 2021, all odd (1st, 3rd and 5th) semester examination will be held during **March 8 – 26, 2021** in online mode. For this, the college has installed an online software system through which the students will register themselves for this examination in the college portal during **March 1 – 4, 2021**. The students will download the question papers from the college portal during the examination and upload their answer scripts to the same.

It has been decided that Sm. Swagata Saha Sau, HOD, department of Computer Science and Sm. Banani Gangopadhyay, department of History will supervise the whole examination process for smooth running of the same.

All internal and tutorial / practical examinations must be held by the concerned departments by **February 28, 2021**.

As the number of students in AECC (e.g. Bengali, English, ENVS) classes often exceeds 100, they cannot be accommodated in Google Meet. Hence, the Academic Council requests the Principal to procure software with enhanced capability (like Google G Suite) to solve this problem. Also, this software can also record the entire classroom discussion, take attendance etc. It has been decided to entrust Sri Kamonasis Mistry, HOD, department of Geography and Dr. Malay Roy, HOD, department of Mathematics with the procurement process.

As usual, the students' feedback should be taken within 7 days of the end of examination. The HODs of the departments are requested to arrange for the same.

Currently there is no teacher in the Economics department. Therefore, the Academic Council requests the Principal to appoint a teacher for Economics. Also, all the students (science, arts and commerce) of 2nd semester have to study and take examination in Environmental Science. But there is no department and no teacher of Environmental Science. Thus, the total burden, including teaching and examination related work including script evaluation, project guidance, marks uploading etc., falls upon the teachers of other departments. Therefore, the Academic Council, through the IQAC, is applying to the Governing Body to recruit a teacher of Environmental Science.

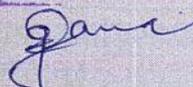

The meeting ended with vote of thanks.

Resolutions Adopted in the Online Meeting Held on 26.02.2022 (Saturday) at 7:30 PM

1. Minutes of the previous meeting has been confirmed.
2. It has been decided that due to Calcutta University 1st semester examination, offline 2nd and 6th semester BA and BSc classes will be suspended from 28th February to 5th March 2022 (for B.Com, the corresponding time period will be 28th February to 7th March 2022). Regular offline classes will resume on 7th March 2022 for BA and BSc and 8th March 2022 for B.Com students. However, online classes may be held if feasible.
3. Some teachers pointed out that this is the first time under the CBCS system, students of all the three semesters will be present in-person and it will be difficult to accommodate all of them simultaneously and we do not have enough smart classrooms for all the students. It has therefore been suggested that portable projectors be procured to address this and this suggestion will be forwarded to IQAC for consideration.
4. For 1st semester Calcutta University examination, the following teachers will be responsible for distribution of question papers to the departments: Dr. Marisha Charkraborti and Sri Pavel Moni for Arts, Dr. Malay Roy and Sri Ujjwal Saren for Science and Dr. Bapan Maity for Commerce. The departments will be responsible for the distribution of question papers to the students, submission of answer scripts by the students etc.
5. The 2nd semester classes will begin on 14th March 2022.
6. As the number of arts students in 2nd semester AECC class is very large, it has become very difficult for the departmental teachers to conduct these classes and guide the students to write project reports and to evaluate the same. It has therefore been suggested that a teacher be recruited for this purpose. It should be noted that this suggestion has been made before. In this connection, some departmental heads said that their respective departments are also experiencing difficulty to allot all classes scheduled in the routine due to lack of teachers. Thus new recruitment of college appointed teachers is very urgent for the smooth running of teaching, learning and evaluation process as guided by UGC. It is thus a recommendation of the Academic subcommittee to the higher authority to do the needful.
7. In miscellaneous part of the discussion, some HODs said that there is a confusion about the distribution of classes among SACT teachers since the number of days they have to be present in the college as well as total number of classes per week allotted to them are not known to them perfectly. In this regard, the teacher representatives of the Governing Body of the college have said that this issue has already been discussed in the Governing Body. So committee members urge the Principal to issue a notice in this matter according to the GB resolution.

The meeting ended with vote of thanks.
