Dear Sir,

Date: 11.07.2018

Insurance Awareness & Policy Servicing Programme

Life insurance penetration in India stood at 2.70% in 2016 (Source-IRDAI). Swiss Re research shows that Protection gap for India stands at 92% (as on 2014). As of fiscal 2016, 27% of the Indian population has some health cover and only 8% of the private sector retirees earn pension (as of 2014) (Source-CRISIL report). There seems to be a lack of awareness among the Indian populace about the solutions available with Life insurance companies.

Life insurance basically provides financial security to the dependents of an earning person, in case of any unfortunate event happening to the life of that person. In addition to above, Life Insurance also offers solutions to various financial needs of the people like savings cum protection, pension etc.

SBI Life is one of the leading private Life Insurance companies in India. We are a joint venture between India's largest bank State Bank of India and one of the leading global insurance companies BNP Paribas Cardif, offering financial solutions through our wide distribution network of SBI branches & Insurance advisors, spread across the country.

It is a continuous endeavor of SBI Life to sensitize, educate and assist people in understanding the importance of life insurance in their financial planning as also in identifying their various financial needs where life insurance offers solutions. We call it "Your Needs, Our Solutions". We are enclosing a leaflet of "Your Needs, Our Solutions" for your ready reference.

We request you to provide us an opportunity for making a presentation to & have interaction with your employees on "Your Needs, Our Solutions" at your esteemed organization on _____ (date) and _____ (time). We are confident that your employees/ staff will find the session very interesting & useful.

Yours faithfully,
