Sub: Proposal for organising an awareness campaign on Sustainable Development Goal 2030 in your campus

Dear Sir / Madam,

Greetings from Rupantaran Foundation!

Rupantaran Foundation is an NGO formed in 2009 and registered under West Bengal Societies Registration Act. Rupantaran mainly works with youths and adolescents on issues of gender, child protection. In each of our programs, we promote active citizenship as we believe in the ideology that all of us have a responsibility towards the society to make it better and balanced.

We would like to engage students of your school/ college on the Sustainable Development Goal 2030 set by United Nations. This is an endeavor to establish personal connect with young people (aged 15 – 25 years) to reflect on the issue and create a meaningful dialogue towards change. This will be a 1-2 hours workshop. In this regard we would be interested to come to your esteemed institution, bringing with us some of the materials created in the campaign for striking dialogue with young people. This includes:

- **A Power Point Presentation on Sustainable Development Goals & role of Youth:** We will require a space to set this up where students can see the presentation and have a dialogue.
- **A Film screening and discussion:** We will screen selected short films on the issue in 1-2 hour session including meaningful discussions on the thematic issues.

We look forward to do such meaningful workshop in the campus of your esteemed institution.

Thanking you.

With warm regards,

AWARENESS PROGRAMME ON PLASTIC POLLUTION

India is one of the most important developing countries across the globe. It has vast geographical diversity and rich human resources. All these are vital for future development and growth. But that also come with some undesired issues with detrimental effects like pollution. It is of several types of which the most dangerous one is PLASTIC POLLUTION.

Sammilani Mahavidyalaya, located on the edge of the city witnessed the side effect of development and urbanization. The plastic pollution here is predominant with increasing usages of various types of plastics in day to day life. The college has taken certain steps to differentiate the renewable and non renewable pollutants and arranged separate collection and disposal. But more efforts were necessary for a fruitful outcome. Whereas, cervical cancer is the outcome of less hygiene, scanty knowledge on sex education and polygamy. In Indian polpulation, women have less awareness and literacy on such knowledge.

Considering this Sammilani NSS unit on the eve of International Women’s Day (7th March 2020), in collaboration with IQAC a health awareness programme entitled “Cancer: Its Past and Present Scenario with a Hope of Bright Tomorrow”was conducted. A talk was delivered by resource person Dr. Amit Sarkar, from Oncolink. After the seminar was over a hand out on Cervical and Breast Cancer was distributed among girl students. More than 60 women including girl students and lady staff were participated in this programme.

**AWARENESS PROGRAMME ON COMMUNICABLE DISEASES AND
BLOOD DONATION AND BLOOD DONATION CAMP**

Blood donation is a very common and popular event . It provides blood to the blood banks, hospitals and thus helps us saving life. With the gradual increase in population, the need of blood increases proportionately. To fulfill the need we have to organized blood donation on regular basis. People of various age groups can come forward for this noble work. Unfortunately people in this part of the world have superstitions and wrong ideas regarding donation of blood. Therefore the awareness and blood donation both are equally important.

Considering this the NSS unit of Sammilani Mahavidyalaya organized an awareness programme on 23rd February to motivate the students to donate blood followed by a blood donation camp on 28th Feb 2020. Dr. M.S Mandal from R. G. Kar Medical college , was the resource person who discussed many scientific facts related to blood donation. He also cleared different misconception and superstitions among students. The importance of blood was also narrated by him during this programme to catch the attention and also to motivate the young students to donate blood. The result of the awareness programme was observed on the day of blood donation where 70 people donated blood and thus made the programme a grand success.

The NSS day was observed on the 24th of September 2022. On the said date in collaboration with Peerless Hospital & B.K.Roy Research Centre, **Eye Check up Camp** was set up at D Block, a bustee adjacent to Baghajatin Railway Station. It was attended by 80 individuals both from the institution and the local residents. Before the eye check up camp 40 NSS Volunteers were visited door to door in local Baghajatin area completed their survey and invited them to present a said eye check up camp on 22nd September, 2022. 4 doctors from the Hospital provided medical assistance and supervised the camp. Subsequently the camp was followed by a **SIT and DRAW competition** with 15 small children as participants who were provided with Drawing Book and Colour Pencil as kit for encouragement of upcoming artists.

The activity was organized with due emphasis upon the theme of "**SWACHH BHARAT ABHIYAN**" and ban of plastic usage so that stringent measures can be adopted to make the campus **PLASTIC FREE ZONE**.

senior most teacher of the institution, Associate Professor, Dr. Ruma Chakrabarti and other NSS committee members.

Gender Discrimination is quite relevant an issue for discussion as 8th March is observed every year as *International Women's Day* but still the cases of crime against women, sexual harassment, child abuse is on rise. The moot question is gender parity, why women are treated as second class citizen even if they constitute (48.41% in India) as of data provided by World Bank in 2022. 50.4% of the population in world are female. No wonder women need a better place and treatment from their counterpart.

Special Camping Programme (Off Campus) Activities

As the adopted slum is D Block a week long programme was organized from the 23rd to 30th March 2023. On the first day there was planning and discussion on activities to be carried out throughout the week in presence of 65 volunteers, NSS committee members and Teacher-in-Charge (TIC), Dr. Sharmila Chakraborty. On the second day 40 volunteers went to visit the household so that data related to their socio-economic background can be collected from D Block. On the third day through the door to door visit, the needy beneficiaries were identified and 52 such identified families were provided with essential goods by the help of 33 volunteers and committee members. On 27th of March 2023, Mrs. Arpita Chakraborty from Pidilite organized a workshop on Paper Collage Art in collaboration with 27 volunteers from our institution. The next day also had a (Tie and Dye) fabric workshop and 27 volunteers learnt about the artistic or creative work with great zeal and dedication. There was a massive cleaning programme on the 29th of March 2023 of the campus. In around 25 students participated in this programme. Moreover the past experience have made all cautious to give due importance to cleaning and proper sanitation exercise.

The last day had cultural programme with active participation of 52 volunteers, there was poster competition based on the theme of **Environmental Pollution**, social problems were raised through mime and also solutions were provided. Mime is a typical theatrical technique where through gesture and expression the performers try to connect with audience sans dialogue or words. All the
