29th September, 2014

Dear

As you are aware that the Government of India has decided to achieve the goal of **Clean India** by 2019 as a befitting tribute to the father of the Nation Mahatma Gandhi. Keeping this in view, **Swachh Bharat Abhiyan** is going to be launched on 2nd October 2014, the 150th Birth Anniversary of Mahatma Gandhi. There is also a phase of awareness building from 25th September to 30th October 2014 preceding the launch.

By instilling the idea of Swachh Bharat – Swasth Bharat through **4 Cs (Clean mind, Clean body, Clean environment and Clean society)** in the students and the faculty, the universities and colleges can become the best platform for inculcating these values in them, and transforming them into enviable citizens of the country. This drive must be sustained in their immediate environs through community engagement, to ensure wide participation to achieve a resounding success of the Abhiyan.

To accomplish this, the UGC has formulated the scheme “Swachh Bharat – Swasth Bharat” for universities/colleges during XII Plan period. The Guidelines of the scheme have been uploaded in the UGC website www.ugc.ac.in. You are requested to implement the scheme in your university with immediate effect by utilizing the General Development Assistance grant for this purpose which has been already allocated to your university.

I am herewith enclosing the Brochure of the scheme “Swachh Bharat – Swasth Bharat”. You are requested to circulate it widely in your university and affiliated colleges to promote the scheme for effective implementation and creation of a culture embedded in it.

I shall be grateful if the UGC is informed of the action initiated by your university in this regard.

With regards,

Yours sincerely

On the said date in collaboration with Peerless Hospital & B.K.Roy Research Centre, **Eye Check up Camp** was set up at D Block, a bustee adjacent to BaghaJatin Railway Station. senior most teacher of the institution, Associate Professor, Dr. Ruma Chakrabarti and other NSS committee members.

Gender Discrimination is quite relevant an issue for discussion as 8th March is observed every year as *International Women's Day* but still the cases of crime against women, sexual harassment, child abuse is on rise. The moot question is gender parity, why women are treated as second class citizen even if they constitute (48.41% in India) as of data provided by World Bank in 2022. 50.4% of the population in world are female. No wonder women need a better place and treatment from their counterpart.

Special Camping Programme (Off Campus) Activities

As the adopted slum is D Block a week long programme was organized from the 23rd to 30th March 2023. On the first day there was planning and discussion on activities to be carried out throughout the week in presence of 65 volunteers, NSS committee members and Teacher-in-Charge (TIC), Dr. Sharmila Chakraborty. On the second day 40 volunteers went to visit the household so that data related to their socio-economic background can be collected from D Block. On the third day through the door to door visit, the needy beneficiaries were identified and 52 such identified families were provided with essential goods by the help of 33 volunteers and committee members. On 27th of March 2023, Mrs. Arpita Chakraborty from Pidilite organized a workshop on Paper Collage Art in collaboration with 27 volunteers from our institution. The next day also had a (Tie and Dye) fabric workshop and 27 volunteers learnt about the artistic or creative work with great zeal and dedication. There was a massive cleaning programme on the 29th of March 2023 of the campus. In around 25 students participated in this programme. Moreover the past experience have made all cautious to give due importance to cleaning and proper sanitation exercise.

The last day had cultural programme with active participation of 52 volunteers, there was poster competition based on the theme of **Environmental Pollution**, social problems were raised through mime and also solutions were provided. Mime is a typical theatrical technique where through gesture and expression the performers try to connect with audience sans dialogue or words. All the

AWARENESS PROGRAMME ON PLASTIC POLLUTION

India is one of the most important developing countries across the globe. It has vast geographical diversity and rich human resources. All these are vital for future development and growth. But that also come with some undesired issues with detrimental effects like pollution. It is of several types of which the most dangerous one is PLASTIC POLLUTION.

Sammilani Mahavidyalaya, located on the edge of the city witnessed the side effect of development and urbanization. The plastic pollution here is predominant with increasing usages of various types of plastics in day to day life. The college has taken certain steps to differentiate the renewable and non renewable pollutants and arranged separate collection and disposal. But more efforts were necessary for a fruitful outcome. The non renewable pollutants such as plastics of different forms and shapes with its potential hazards need various measures to combat with. Regular (On campus) Activities

The NSS day was observed on the 24th of September 2022. On the said date in collaboration with Peerless Hospital & B.K.Roy Research Centre, **Eye Check up Camp** was set up at D Block, a bustee adjacent to BaghaJatin Railway Station. It was attended by 80 individuals both from the institution and the local residents. Before the eye check up camp 40 NSS Volunteers were visited door to door in local Baghajatin area completed their survey and invited them to present a said eye check up camp on 22nd September, 2022. 4 doctors from the Hospital provided medical assistance and supervised the camp. Subsequently the camp was followed by a **SIT and DRAW competition** with 15 small children as participants who were provided with Drawing Book and Colour Pencil as kit for encouragement of upcoming artists.

On the 25th of November 2022, cleaning programme of institutional premise was organized in co-operation with 53 volunteers, teaching and non-teaching staff. The activity was organized with due emphasis upon the theme of "**SWACHH BHARAT ABHIYAN**" and ban of plastic usage so that stringent measures can be adopted to make the campus **PLASTIC FREE ZONE**.

senior most teacher of the institution, Associate Professor, Dr. Ruma Chakrabarti and other NSS committee members.

Gender Discrimination is quite relevant an issue for discussion as 8th March is observed every year as *International Women's Day* but still the cases of crime against women, sexual harassment, child abuse is on rise. The moot question is gender parity, why women are treated as second class citizen even if they constitute (48.41% in India) as of data provided by World Bank in 2022. 50.4% of the population in world are female. No wonder women need a better place and treatment from their counterpart.

Special Camping Programme (Off Campus) Activities

As the adopted slum is D Block a week long programme was organized from the 23rd to 30th March 2023. On the first day there was planning and discussion on activities to be carried out throughout the week in presence of 65 volunteers, NSS committee members and Teacher-in-Charge (TIC), Dr. Sharmila Chakraborty. On the second day 40 volunteers went to visit the household so that data related to their socio-economic background can be collected from D Block. On the third day through the door to door visit, the needy beneficiaries were identified and 52 such identified families were provided with essential goods by the help of 33 volunteers and committee members. On 27th of March 2023, Mrs. Arpita Chakraborty from Pidilite organized a workshop on Paper Collage Art in collaboration with 27 volunteers from our institution. The next day also had a (Tie and Dye) fabric workshop and 27 volunteers learnt about the artistic or creative work with great zeal and dedication. There was a massive cleaning programme on the 29th of March 2023 of the campus. In around 25 students participated in this programme. Moreover the past experience have made all cautious to give due importance to cleaning and proper sanitation exercise.

The last day had cultural programme with active participation of 52 volunteers, there was poster competition based on the theme of **Environmental Pollution**, social problems were raised through mime and also solutions were provided. Mime is a typical theatrical technique where through gesture and expression the performers try to connect with audience sans dialogue or words. All the
